Water features are blue as standard. If you would like any other colour (i.e. muddy brown), please specify this when ordering. No additional charge is made for this service.

### Roads & Tracks

Roads & tracks are sand coloured on grass coloured tiles and tan/light brown on sand coloured tiles. If you require a different colour, please specify this when ordering. No additional charge is made for this service.

### Snow Tiles

#### Snow effect

Any tile can be adjusted to look as if it has snowed at an additional cost of:  
 £1.50 per 2' x 2' tile.  
 £1.25 per 2' x 1' tile  
 £1.00 per 1' x 1' or Hex300 tile  
 Please specify this when ordering.

Snow effect is an additional 2 layers of snow flock which looks like snow drifts on top of the standard features of the tile.

#### Pure Snow / Ice tiles

Pure snow / ice (i.e. no grass/sand effects) can be done as a normal covering at the standard price for the tile. Please specify this when ordering.

### Biblical Tiles

Any tile can be adjusted to have a Biblical finish at an additional cost of:  
 £1.00 per 2' x 2' tile.  
 £0.75 per 2' x 1' tile  
 £0.50 per 1' x 1' or Hex300 tile  
 Please specify this when ordering.

Biblical is mainly sand coloured with subtle patches of green blended in to it to give the impression of being partially sand and partially grass.
